General -

Our college is situated in the village Bhende which is the heart of around 40 villages generally known for Jayakwadi dam and its back-water project affected people’s rehabilitated region. Our institution has felt the need for providing higher education facilities and educating the youth for transforming villages and help them in their development. It realized that the future of **project affected youth** and **specifically girls** are entirely dependent on higher education. Keeping this in view our college is expanding its scope and is providing variety of options in

higher education for its students to enrich them and open avenues to build their carrier.

In line with our vision and growing demand from the stakeholders our institution has starting new division of M.Sc. Analytical Chemistry and B.A. Political Science & B.Sc. Zoology at special level.
